Quench 154

Upgrade your high-capacity thermal coffee brewer to the Quench 154! The Quench 154's stainless steel carafe holds 84.5 oz. of hot, fresh coffee for up to 6 hours. Equipped with pulse brewing technology, the Quench 154 only brews when the water has reached optimum brewing temperature to extract the richest, fullest flavor from every type of coffee. The Quench 154 also dispenses hot water for tea, hot chocolate, or instant oatmeal – even during the brew cycle!

High-Capacity Thermal Brewer

- Advanced digital system with pulse brewing technology
